Subject: risk management goal

Deliberative Process/Ex. 5

Nonresponsive

Is

this what YOU all want as our your risk management goal in the Risk Assessment? Do you want it to be more specific? Do we broach this with ARSG? Do we adopt theirs?

No need for a response here but this is something we need to discuss before the BERA is published.

“Promote healthy communities of aquatic and wildlife receptors in the waterways affected by site-related contamination.”
